**Valnor AS are delighted to inform you that we have entered into an exclusive agreement with CRE8 for representing BiS Valves in Norway.**

Together with CRE8, Valnor AS has entered into a unique cooperation with BiS Valves Ltd and will be their representatives in Norway. CRE8, together with BiS will continue to develop new and exciting products, while Valnor AS will be the sole distributor and stockist of BiS products in Norway.

*BiS is an internationally recognized company with over 30 years experience in the design and manufacture of a wide range of small bore stainless steel pressure and flow control valves for high pressure liquid and gas.*

Operating in a variety of sectors, they are a leading manufactory to the Offshore Oil and Gas industry for topside, subsea and downhole applications where quality, reliability and safety are critical. With an extensive range of standard products and a bespoke design service they aim to provide the solutions for your applications.

**Please contact us today to get your offer!**
